# Our History

Trenton Animal Hospital opened its doors in 2004 under the ownership of Dr. Ted Yoho and was later purchased by the current owners, Drs. Allison and Eric Hiers in 2010. Our hospital is the only veterinary clinic in Gilchrist County and we are proud to serve the entire Tri-county area. Since our humble beginnings, our philosophy has been to provide exceptional state-of-the-art care while keeping prices reasonable for you, our neighbor.

# Owners

Drs. Allison and Eric Hiers are both graduates of the University of Florida College of Veterinary Medicine. Allison practices small animal medicine and manages the hospital, while Eric operates Kanapaha Veterinary Services, a sister large animal veterinary practice (*see back*). They have three amazing children Colton, Taylor and Ashton and are actively involved with the community.

# Our Staff

While all of our doctors have vast knowledge and experience in medicine, surgery, and radiology, each has their own areas of specialty. Dr. Allison Hiers specializes in pain management and holistic care such as acupuncture, massage, and herbal medication. Dr. Thomas Hester is an exceptional soft tissue and orthopedic surgeon and also has vast experience in dentistry. He is also one of the few veterinarians in the area that treats pot belly pigs and enjoys working with “pocket pets” like ferrets, guinea pigs and rabbits. Dr. Erin Nadler is an exceptional internist and enjoys emergency/critical care cases. She is also an accomplished surgeon and ultrasonographer as well.

While all of our doctors have vast knowledge and experience in medicine, surgery, and radiology, each

# Support Staff

Many of our staff have been a part of this clinic since the doors opened and think of you and your pets as family. Every visit you will experience exceptional care and efficient service from our highly trained and compassionate staff.

We truly are a family here at Trenton Animal Hospital; we are not only colleagues but close friends as well.

# Our Facilities

From the moment you walk in you will feel right at home. We offer Royal Canin and Hills Prescription Diets and a variety of over-the-counter products.

We offer a fully-stocked pharmacy as well as a comprehensive laboratory which provides fast diagnostic results.

Our digital radiograph and ultrasound suite provides quick and complete diagnostic capabilities in-house. Our new ultrasound equipment features the latest technology, and can even be reviewed remotely by a radiologist working alongside your doctor.

Digital dental x-rays are included with every dental cleaning. Our new surgical suite meets all AHHA standards.

Spacious boarding facilities include 24 inclosures, including 10 large runs and 4 cat condos. Our fenced-in yard provides dogs with

off leash play time and every boarder gets a complimentary bath. A Veterinarian is on-call at all times for boarding guests.
