<p>After Hours and Weekend Fees:</p> <p>Progesterone Testing – Additional fee is \$35 Artificial Insemination – Additional fee is \$95 Surgical Implant – Additional fee is \$360 C-Section – Additional fee is \$510 C-section for dogs over 80 pounds or litters over 4 puppies – additional fee is \$630</p> <p><i>This after hour's fee is to compensate our veterinarian and 2 technicians for handling very large breed/weight dog or large litter. C-Sections with large litters require 2 techs. One to watch the female and help the vet while under anesthesia and the other to watch and recover the puppies. This is to insure the safety and wellbeing of the bitch and the puppies.</i></p>	

C-Section - \$1000 to \$1300 – price varies depending on how long female is under anesthesia and if there are any complications that arise with female or puppies.

Emergency C-section - \$1500 - \$1800 - price varies depending on how long female is under anesthesia and if there are any complications that arise with female or puppies. Emergency means that your female was never scheduled with us.

Reservation for C section Surgical Time:

- A deposit of \$150 is required at this time in order to guarantee this appointment.
- This deposit is refundable at the time of surgery and will be applied to the final bill.
- Any cancellation must be made at least 24 hours in advance. Voicemails may be left on the clinic answering machine or messages can be e-mailed to ask.jennifer@suburbiavet.com.
- Failure to reschedule or cancel WILL lead to a loss of deposit.

Please bring the following items the morning of your females c-section:

- Box, basket or some type of container to hold puppies in.
 - Blankets or towels to line the container for the puppies
 - Blanket, towel or diaper for mother dog to use due to post-partum bleeding.
 - A heating source of some kind to keep puppies warm while mother wakes and during transportation.
-
- ❖ Please be aware that no client is allowed in surgery during the csection. This is for the safety of the mother dog and puppies as well as for sterility reasons. After all the puppies have arrived and have had their weights logged and umbilical's tied off by a veterinary technician we will come get you from the lobby and place you in an exam room with your puppies.
 - ❖ On the day of csection puppies and mother dog MUST be picked up within an hour of the csection. We are not able to provide care and feeding for puppies post csection.
